Hola ! My name is Tiara. You can call me Lala. I'm 22 years old this year. I was born in Jakarta and I live in Kelapa Gading right now. I've been working as a freelance graphic designer since 2012. I've done many project and fulfilled my client's request. For me, to be a designer is not only to acknowledge your clients requests, but to do even better in value.

At the moment, I'm aware of the fierce and contending competition in the industry. Therefore, with all the qualifications and the necessary skills required, I believe that I will be a competitive candidate for the opportunity to work in this company. I sincerely hope that the additional information presented in my resume will provide you with sufficient background information about myself.

I love illustration the most, but I'm good with website design and branding too. I hope working with you and your company will give me good experiences. Please contact me if you are interested. I would be very delighted to reply as soon as possible. Thank You.
