ABOUT ME

A 3rd year **Information System** student who is **passionate in IT & design breadth-of-field**, interested in occupying the business-related sector of IT breadth-of-field, such as ERP, SCM, CRM & Business Intelegence. In designing, which is my hobby, I like creating User Interface, Typography & Illustration Art. I am really eager to take challenges in those fields in order to enhance my skill & develop myself to be more versatile in those fields.
