**“ Why FIT IN when
you were born
to STAND OUT ?? ”**

I'm 23 years old, fresh graduate from IT Telkom Bandung majoring in Informatic
I'm a creative tinkerer, because my passion is all about creativity and arts.
I choose design and creating something as my main interest.

Why?

Because i love to try something new, creating something for people to enjoy
For me the smile from the people that enjoy my creation is something i love
I also taken interests in , reading, watching movies, graphic design, singing
writing , drawing, video editing and anything to do with creativity.

My Career Objective is to become one of the people that help Indonesia
become a Unique and Creative Country.

Because I Believe , Indonesia have potential to become one of the
Creative Country like Japan

I hope I can contribute my current skills, and grow to become one of
the creative artist in Creativity Industry
