home, store, and classroom, flowershop with NIAS ethnic +
france nuance, why nias + france? it's because i try to combine
2 strong ethnic and nuance to this shop.
with strong colour of NIAS and calm nuance of france made this
shop so adorable and perfect places to studyin craft.

Cafe Book, books and food are a perfect blend. Only the first two can be combined in the house. Cafe book one of a very pleasant place to hang out alone or with friends. A lot of people are looking for a comfortable place to do the work, especially for meeting the students. The concept is taken here is america country, this concept shows a stylist location, quiet, and feels comfortable with the countrynya.

At this time the concept of country america why I take, is because a lot of people who do not want to be separated from a sense of calm and also comfortable.

Geometric is a branch of mathematics. geometry is derived from the Greek geo meaning earth and metro which means measure.

This can be concluded that the concept of our garden this time, scalable and has a shape that is typical with math.
