

Kiki Elisa

Layouter, Illustrator
Graphic Designer

Hi!

I love art especially digital art, basically I'm a layouter, but now becoming an illustrator. I love book design, and now I'm really crazy about "drawing".

I'm really discipline and organized, really can be trusted, high responsibility, and highly motivated to learn about design even more.

I'm a fresh graduate n live in Kudus.

Getting a job where I can get more knowledge and experince is my wish now.

Thank you for reading my resume :)

Born April 27th 1989
