About Me

Currently studying on STMIK AMIKOM, senior year and doing on my final thesis about Animation and Public Services Advertising.

Since last year I'd lot working as a freelancer for mobile application and website designer, also build lot website and e-commerce website for UKM using CMS(wordpress and opencart) and doing a lot of photographs.

Now, I don't want miss to get a whole new experience as Website and Mobile Application tester on your company.. really looking forward for this opportunity, and I hope we can work together as soon as possible

catch me up : www.ervanomoto.com !!
