## WORKING EXPERIENCES

*Selaras Guest House (2012)*  
Manager

4 Months before I was Graduated, I am Recruited by a Guest House and Restaurant in Bandung named *Selaras Guest House*. Unlike the name, the place is more like an exclusive family residence meant for middle up customers, rather than a common Guest House. I made all of the marketing campaign & strategy, publication and events.

*sharee.co.id (2013)*  
Marketing Director

Sharee is a company trying to introduce 'sharing economy' - a big movement in western part of the world - to our society. We are enabling idle goods such as used clothes, unutilized spaces and unique skills, so that people can make even better use of them. As a marketing director of a digital start up company, I am responsible to work under minimum budget; maximizing the use of social media, viral contents, & peer to peer promotion.
