MY ACHIEVEMENT

My game development adventure starts in 2014

2014

I created character sprites as an artist in a game called "Spooky Time"

I have a role as Leader Artist in a game titled "Amazing Indonesia"

First time I tried creating game as a programmer in a game called "Panen Padi"

I created my own game titled "DETYS : Destroy Every Trash You See" (available on Google Play Store)

I created my own game titled "Rhythm Of Space" (available on Google Play Store)

2015

I created my own game titled "Prof Baloney Throw trash" (available on Google Play Store)

I created my own game titled "Prof Baloney Soil Diving" (available on Google Play Store)

I was taking part as an artist in a game called "Work Simulator"
(we got a first place in an event called IFEST PTIIK UB 2014/2015)

I created a game titled "Reforestation Travel"
(I am one of ten finalist in an event called Jogja Game Session 2015)

I was taking part as a programmer in a game titled "My Agriculture"
(we are one of the top 35 games in an event called Gemastik 2015)

I was taking part as a commision programmer in a game titled "Wonderful Indonesia"

I created my own game titled "Manikam Batari" (available on Google Play Store)

2016

I was taking part as programmer in Global Game Jam Malang 2016 titled "7 Days Struggle"
(available on Global Game Jam Site)

I created my own game titled "Fuzzy Mind of Mine" (available on Google Play Store)

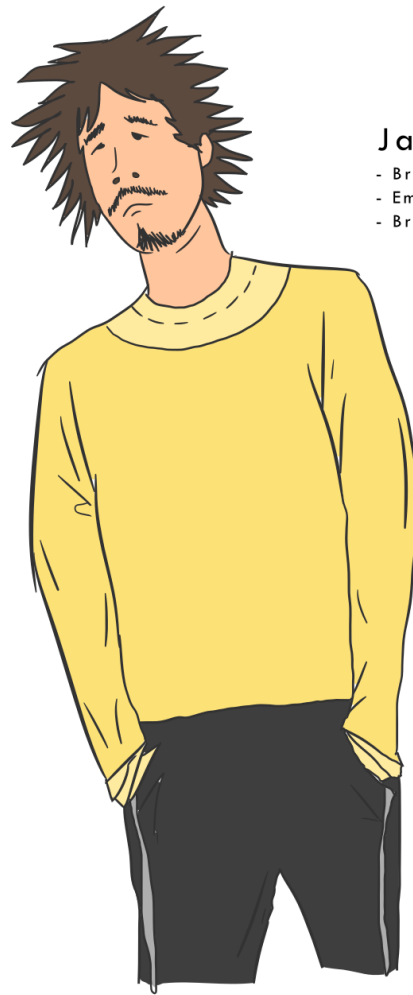

I found myself being so passionate in Video Game Development
