ILLUSTRATION EXHIBITION

A group exhibition project of young illustrators created by Atreyu Moniaga. Along with my co-exhibitor: Agatha Astari, Vicky Saputra, and Robby Garcia; we had successfully held our first exhibition within one year preparation.

Reacting to main theme of "Melancholy", I made an artwork series about feelings of solitary, entitled "Fairies of the Feels".

CAMPUS NEWSLETTER

Monthly published DKV newsletter of Bunda Mulia University (UBM) since October 2015. By focusing on Art and Design related information, Garis Bawah wants to improve the insight and quality of DKV UBM students.

Within the Creative Team, I have learned about layouting, branding, and social media strategy.

FINAL PROJECT EXHIBITION

"Right Time, Right Page" is the main theme of DKV UBM's first final project exhibition. Presenting 14 book-based final projects specially curated by Mr. Surianto Rustan, a lecturer, design book author, and founder of Dsgncooking.

I'm so glad to participate in this project and get my logo design chosen, which is the main visual key of Designature's branding.
