Ignatius Gregory

# Curriculum

## Hello!

I'm a 3<sup>rd</sup> year student currently studying visual communication design, specifically graphic design at Universitas Multimedia Nusantara (UMN).

As a designer, – whose most of the works involved in visual identity development, editorial design, and typography – I'm always fascinated with the mixture of logical thinking and visual communication to deliver a message.

And for myself, I love the texture of wood and paper, and i enjoy experimenting with things. I also adore the smell of books.

#### A little trivia

- I found that I'm in love with typography.
- I find my best ideas in the shower.
- Easy going, well-balance and a complete perfectionist.
- I played some musical instruments, like flute.
