# Introduction

Hello, my name is Tegar Andito, a graphic designer that interested in motion graphics, digital coloring and paper crafting especially in pop up/movable books. This portfolio contains some examples of my latest featured works from 2008 until 2013.

First part of this portfolio are screen capture of motion graphics works that i created at several projects. The second part are photograph of my pop up that i created for Memo Graphic Concept for their yearbook project, and the last part are some works that i created just for fun, but i think it is interesting to show.

Thank you for taking time watching these works. Hopefully, you enjoy watching examples of my works.

Best regards,

Tegar Andito

# Curriculum Vitae

## Personal Information

Name : Tegar Andito  
Place/date of birth : Yogyakarta, May 18th, 1987  
Home address : RT 34 Bandut Lor, Argorejo, Sedayu, Bantul, DIY 55752  
Cellphone number : +6285643076698

## Personal Profile

I have experienced in visual communication design for about eight years including my seven years learning about visual communication design. I also have 1 years and three months experience for teaching about visual communication design. When I was studying about it, I studied in campus with strong artists' neighborhood, so I often get involved in some art exhibition as and artist.

Most of my works are made when I'm working as a freelance graphic designer. Some of them are volunteer works, also works that made for art exhibitions, and also several others are just for fun or experimental. I like sharing my experience as a graphic designer, telling of fun it is also some new things I get when I'm working my graphic design projects.

## Career History

Apprentice graphic designer at Jentera Intermedia Intiutama (2009)

I worked as apprentice graphic designer at this company for fieldwork practice subject of my college for two months.

Freelance Photographer at Memo Graphic Concept

I like photography too, so I tried to use one of my interest as a professional photographer at that time

Parttime lecturer at Computer Science Faculty of Dian Nuswantoro University, Semarang (2010-2011)

at 2010 I taught one typography class for Information Technology departement and for Visual Communication Design departement I taught five DKV 1 classes in a teaching team and a Nirmana class in a teaching team. During 2011 I taught two Drawing I (Menggambar I) classes for Visual Communication Design departement

## Career History (continued)

Parttime Lecturer at Architecture & Design Faculty's Visual Communication Design Study Program of Soegijapranata Catholic University Semarang (2011).

at early 2011 I taught a class of DKV 2 in a team of lecturer, a class of Nirmana 2 in a team of lecturer too, a class of 2D Animation, and a class of Product Design (this class, although is called product design, actually only teaches about product design introduction). I also taught DKV 1, Nirmana 1, and Computer Graphics classes mid 2011 for approximately three months, but because their schedule was interfered with my postgraduate study schedule in PPS ISI Yogyakarta, finally I gave up these classes to focus on my study.

Freelance Graphic Designer Memo Graphic Concept Yogyakarta

Memo Graphic Concept is a graphic design company that concerns on highschool yearbook projects. It specially hires me for my special skill for making pop-up books design and their graphic designs.
