PERSONAL STATEMENT

I am working as a Web Administrator at Transcosmos Indonesia, but usually I design UI and UX like a mockup, wireframe, user journey, banner and develop for a website. If I am not work in the project, the leader give us a training and tasking to increase more knowledge about UI and UX in website, and renewal or redesign some website that exist. I already know how to make a good UI and UX in website based on many research and from what user needs.
