Designing and producing board and t shirt designs and overseeing the printing and registration process to ensure a high quality product.

2000 - 2001 : Operators at Dream Theater Internet Cafe

My first job was as an operator at Dream Theatre Internet Cafe in Jimbaran Bali. I learnt a lot from this position as an apprentice designer. I really discovered my enjoyment and passion for graphic work and a flair for design. I started self learning online from tutorials and kept up with the local trends as I began to create and design.
