MY PROFIL

My full name is Eka Nugraha Ramadan but you can call me eka. I have experience in the field of graphic design for 3 years. For 3 years I have worked on many projects such as the creation of a logo design, branding, stationary design, icon design, infographic, magazine, banner ads, illustration and other designs.

I was rather quiet, introverted and somewhat shy. I like to be alone and I also liked the place a bit lonely but beautiful as parks and other rather than having to go to a party. Because in solitude, I find a lot of beautiful things and sometimes also makes me happy.

Thanks to watching my resume. I hope we can work together.
