JESSICA CARMELINE // CURRICULUM VITAE

Hola

My name is Jessica. I am 4th year student at Sepuluh Nopember Institute of Technology (ITS) Surabaya, majoring in visual communication design. I see myself as a LCD projector. I can project ideas and make it easier to be seen, heard, and understood by others. In order to work perfectly, LCD projector need electricity. Without electricity it won't be able to project anything and become useless.

Will you be my electricity?
