

## ABOUT ME

CIPTANTO SETYO KUMARA

Hi, my name Ciptanto Setyo Kumara and some people call me Cepi. I'm a graphic designer and freelance photographer. I don't like reading a book but I like sharing, that's how I learn something.

I'm a good listener, quick learning, hard worker, sometimes I work over time in weekdays. In weekend I spend my time to laugh with my family, my friends or someone else.

Open minded with, design, fashion, food, and anything except football and political issues. I like every music genre because I think that every moment has a backsound.
