

I'M

# JOKO SUTIYONO

I'm 20 years old, I was born in Pati, January 4, 1995. I'm Fresh Graduate from D3 Informatics Engineering majoring in Multimedia from the University of Dian Nuswantoro Semarang. I was an interest with graphic design, motion graphic, game design and production of interactive media. I am currently working in a world of more graphic design and motion graphic by not putting aside my interest on the other to continue to study it.
