# INTERNATIONAL STUDENT EXPENSE IN SINGAPORE

INFOGRAPHIC - MOTION GRAPHIC

This one is a project from school, which is I needed to make an Infographic from the data that I had collected. The data have been collected for a month and then converting it into an infographic. The target market is for student who is going to study at Singapore.

REBRANDING

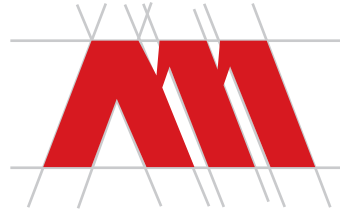

My friend asked me to do rebranding for his father company which he is going to take over. He wants to make something modern but keeping the old logo inside it. By keeping the A & M I made this logo into a modern one.

Old Logo

Tradisional

New Logo

Modern

# SABO - SAPI BALADO

BRANDING & PACKAGING

Another branding that I did for my friend. This is a little shop where she sells rendang which she called it Sapi Balado and become SaBo. The spicyness is her trademark. So I'm using cow as the symbol and using the chili at the cow tail.

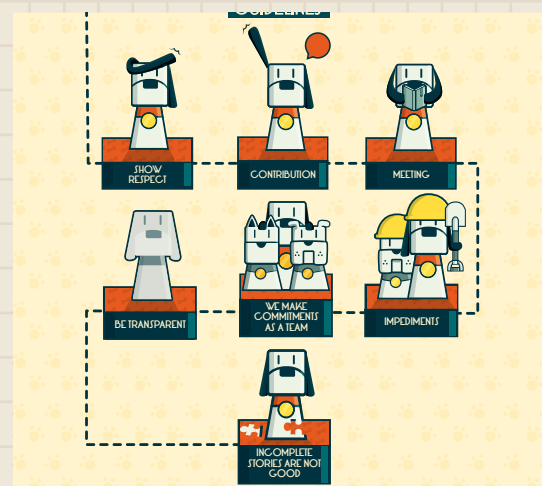

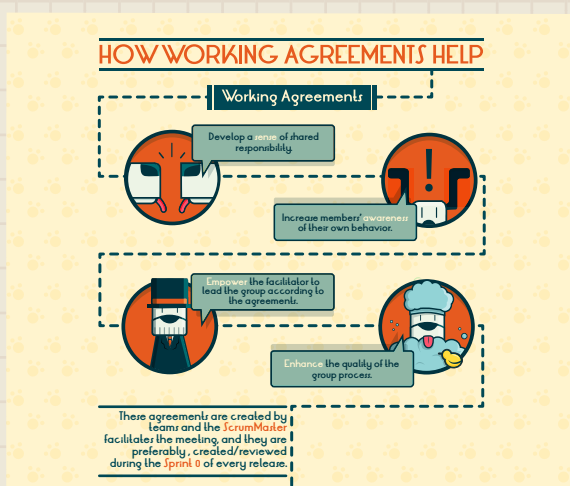

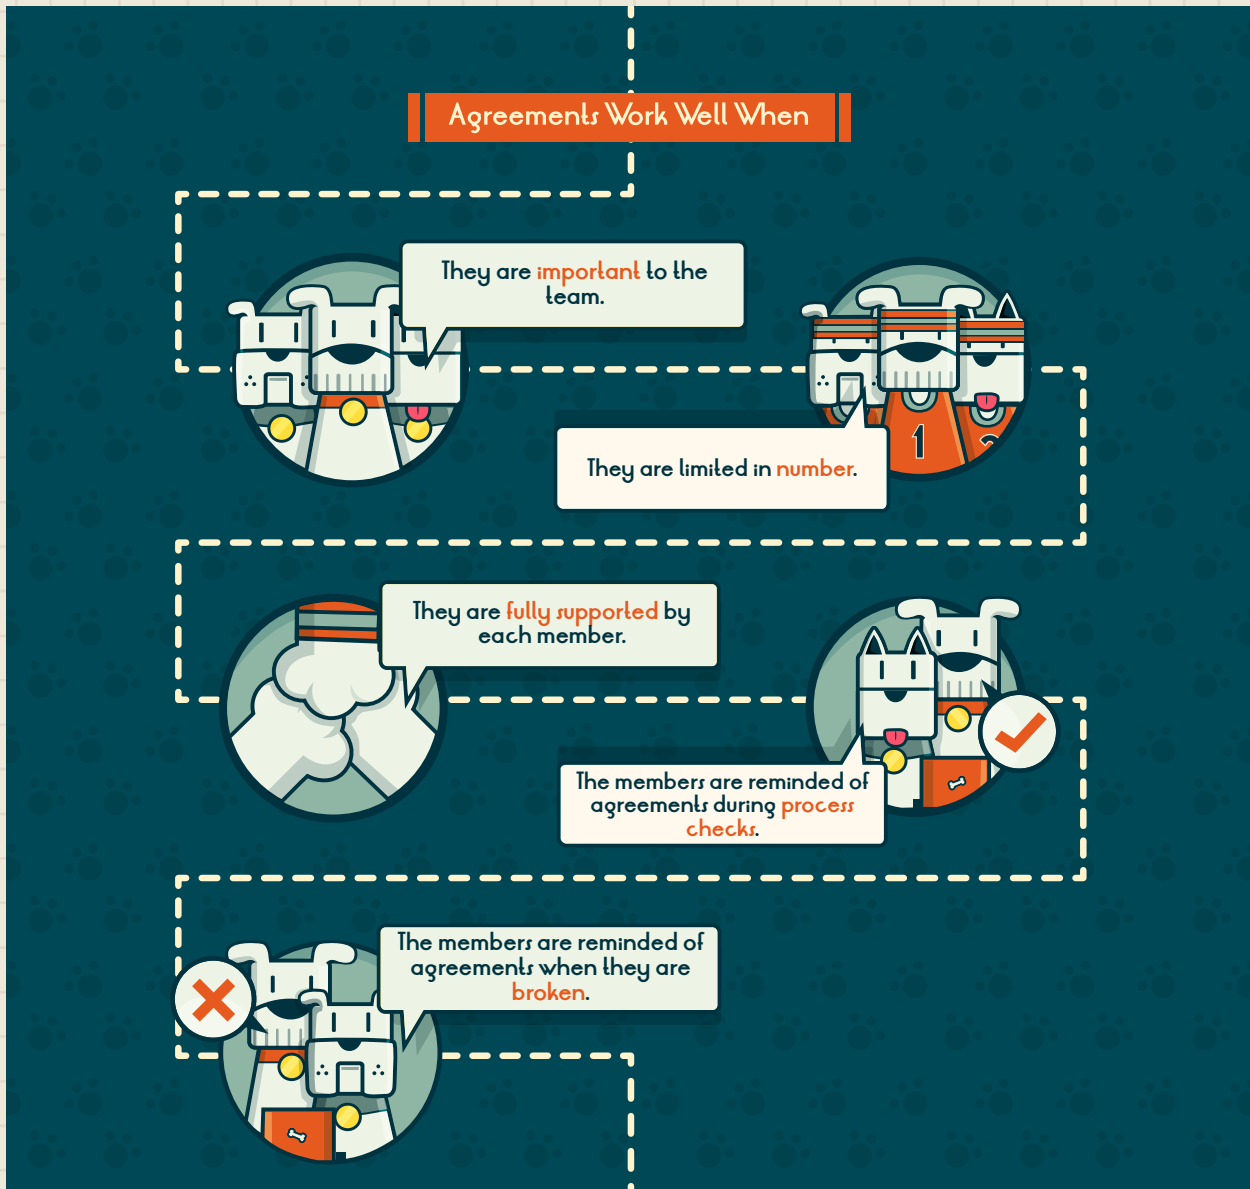

# PAYTON TIRELL

## AGILE CLASS

INFOGRAPHIC & MOTION GRAPHIC

Freelance project which is based on the agile class, I took dog as the character because dog is agile and also fast learner. The client want it to be unique and keep my own style. I had fun doing this.

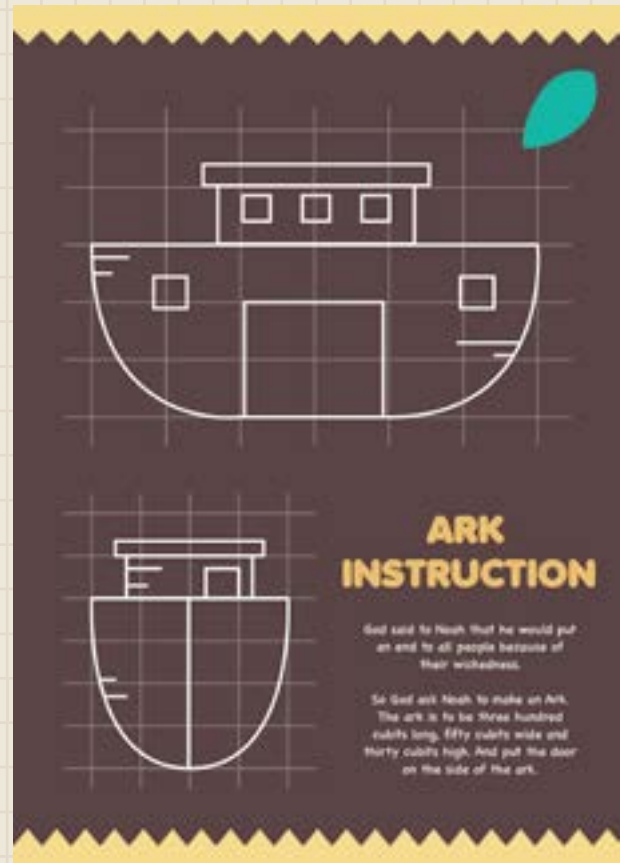

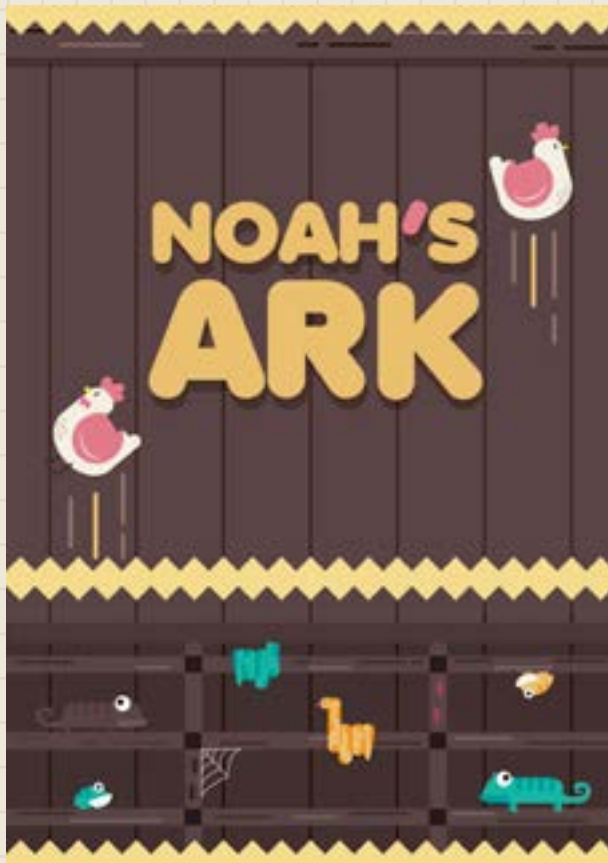

# NOAH ARK FINAL PROJECT

SCROLLING BOAT

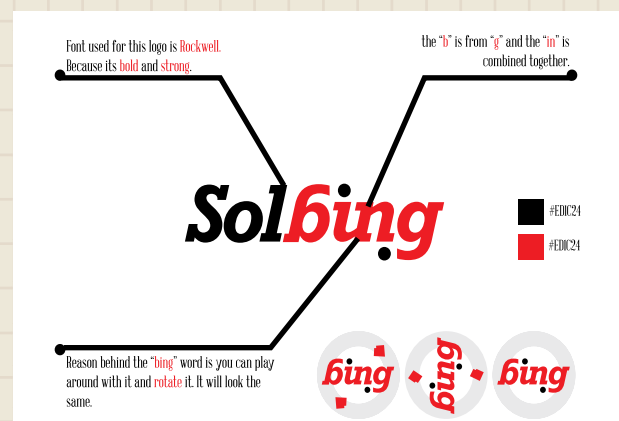

A project based on my research which is "Misconception" the target market is children. So I make it into a unique scrolling book. The boat have been given to kid as a part of charity.
