## ABOUT ME

Dear Mr or Mrs

My name is Derry Frima Apriandi and I'm 23 years old, I graduate from University at June 6, 2014 with GPA 2.97 (Scale 4.00). As a bachelor graduate (BA) majoring in Geology Faculty from Padjadjaran University. I would like to join and develop my career by giving the best I have.

For finished my study at Geology Faculty I'm made a final project with the title "Description of Crocodylus sp at Kobatuwa site, Soa Basin, Central Flores" supervised by Mrs. Dr. Ir. Vijaya Isnaniawardhani., MT. and Mr. Ir. Faizal Muhamadsyah., MT. And my final geological mapping title is "Geology of Garawangi Region, Ciniru Subdistrict, Kuningan District, West Java Province" and supervised by Mr. Ir. Faizal Muhamadsyah., MT.

I am a well-organized and determined person. I use time productively and efficiently by implementing accurate and precise plans, ready to work as a team or independently to achieve targets. As a curious and social person, I am also having some organization activities, which have gained experiences in how to interact with other people and how to overcome problems. I am always flexible with new ideas and latest news, because being able to provide people with solutions and progress serves as a strong motivation to me.

## EDUCATION
