

HELLO!

Nice to meet you,

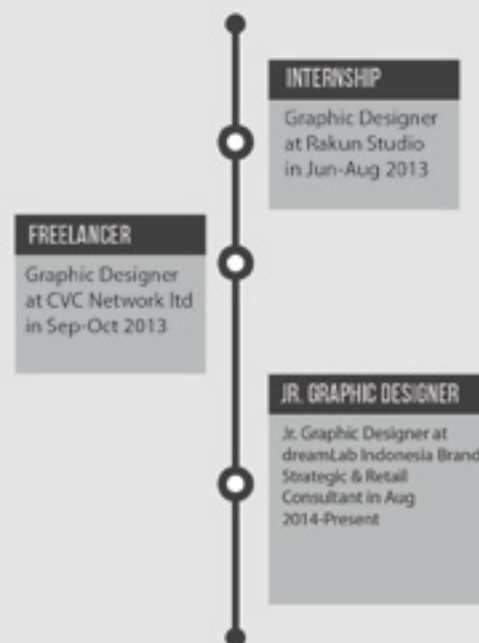

I'm Mercia, an alumnus from Maranatha Christian University. For me an experience is a valuable treasure in my life, I'm glad to know new things, I'm happy to learn new things that I never could before, enjoy working in a team, and always responsible for the work I was doing, of course with specified deadlines. I am a hardworking, I will not stop until it reaches the goal. I have previously worked in a company Brand & Retail Strategic Consultant in Jakarta as a Junior Graphic Designer, but for now I really needed a company that could lead me to become a professional.

Best Regards,

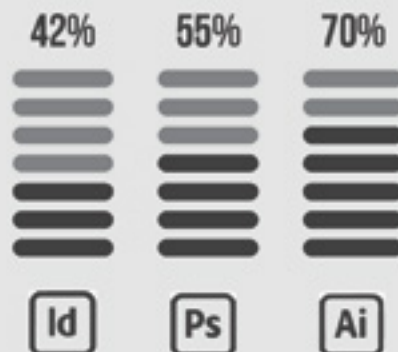

Mercia, S.Sn.
