ABOUT ME

Successfully worked on graphic design projects from concept through completion.

Worked closely with editors, sales and marketing and clients to conceive designs, and consistently meet deadlines and requirements.

Collaborated with other in-house, as well as freelance designers to meet project requirements.

Created highly persuasive graphics, presentations, newsletters, collateral, and promotional materials for sales and marketing.

Self-educate in UI/UX design through online learning resource to broaden my expertise and keep up with the latest development of visual design.
