

PORT FOLIO

Hi!

MONICA AGNES

I'm an ISFJ person who loves to cuddle up with my blanket and read books instead of going out on a Friday night. I'm interested in design, writing, practicing muaythai and learning foreign languages. Loyalty, honesty, and sincerity are important for me in my relationship with others. Being able to establish myself as designer, a career that still often getting looked down, would be one of my life goals.

A set of illustrations I submitted to the latest Kreavi Workout. Based on Indonesian folklore of Bawang Merah and Bawang Putih, a story of two step sisters with different personalities.

EVENT POSTERS

Some of the posters I made during internship.

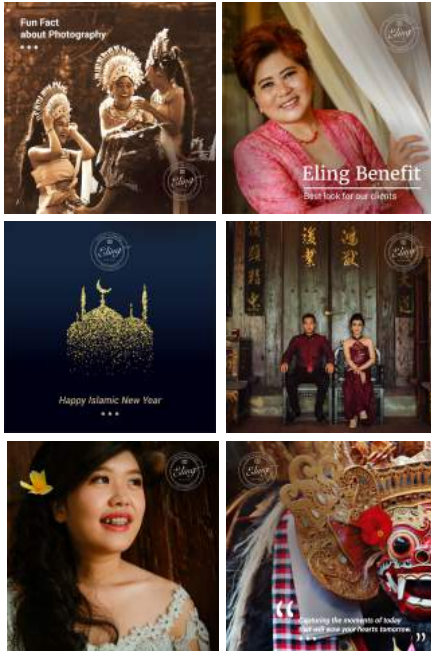

CATALOGUE DESIGN FOR KEDAWUNG

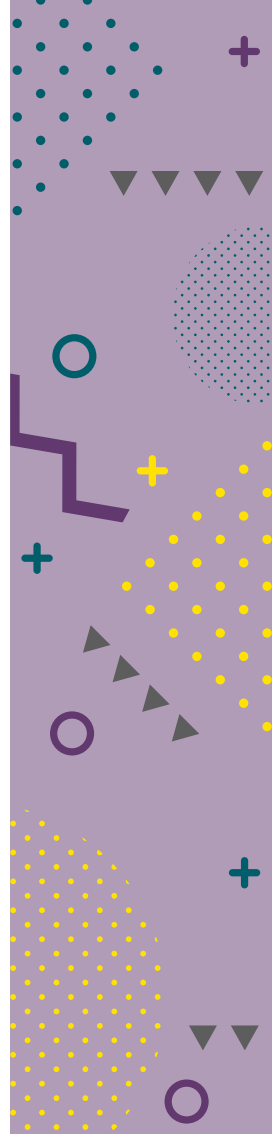

This catalogue design was made during internship too. It had such pale colors due to the client's request. Unfortunately these only served as alternatives and did not get chosen.
