

HELLO !

My Name Odilia Belinda Palenteng. I was born in Jakarta, 14 May 1991. I am economic graduate who have interest in creative fields especially Fashion Design. A few years ago, I started make my own fashion items by myself. I have learned it from tutorial on youtube but I faced a lot of obstacles. That is the reason I took Fashion Short Course last year. After that, I got the challenges to create something and explore more about fashion. Now, I am looking Fashion Design Job to apply my skill on Fashion Design.
