Hello

I'm Yulia Purnama Sari.

I'm a hard worker, highly-organized and qualified multimedia designer with plenty of professional experience of freelancing from home or working in the office, as the project demands. I have been achieving many design project and successfully designing for various fields such as television, education, food, electronics, and services since I was in the college. As I have already in several of fields as a designer, I have a good working knowledge of design procedures for both published and digital based material. Now I would love to expand my knowledge and experience, and I believed working in your company will give me everything I need as a professional multimedia designer.
