### Cover Letter

---

**Dear Hiring Manager**

I recently graduated with Bachelor in Interior Design from National Institute of Technology with total GPA 3.38 and would like to submit my resume and application for interior designer position. I am well versed in different project of design and have creative designed solutions for interior.

I am comfortable working in team setting, and believe in the value of collaboration and creativity. I am familiar with various interior design software programs. To be a successful person wherever i am by delivering my best effort in job and pactual time, while keeping good and continuous trust from other. Love to get new experience and always learn from my surrounding.

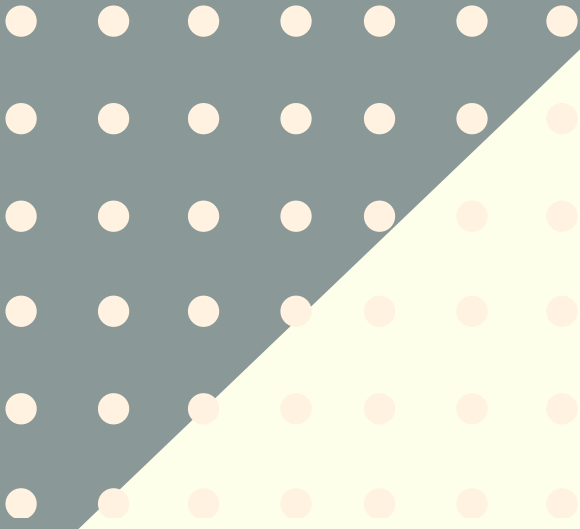

I look forward to hearing from you soon. Thank you for your time and consderation.

**Sincerely,**

**Susan Williams**

# PORTOFOLIO

## EYE HOSPITAL IN BANDUNG

**This is my final project in collage. I chose this eye hospital with fiction architecture. This hospital concept is "The Influence of Natural for Friendly Hospital" and Natural Modern style. With applying simple shape and soft colours that can make comfortable.**

# PORTOFOLIO

## STAO CHAIR

**This easy chair is adapted from the mangosteen shape. With color taken from the color of the fruit skin and the shape of the backrest that resembles the flesh of mangosteen itself. In the design process, there are several transformations of the shape of the mangosteen into the form of Stao Chair.**

# PORTOFOLIO

## SENARU RESTAURANT

**The main purpose of this project is to bring a warm atmosphere to rest before climbing the mountain. So the theme of this restaurant is adventure but still comfortable and also added with a touch of ethnic Lombok is also requested by the client itself**

# PORTOFOLIO

## MORA VILLAGE

**This project while internship in PT. Bandung Bandhawassa. With a design that gave the ethnicity from Lombok. United in a modern style, This village will seem luxurious but still does not remove the building's authenticity**
