## INDUSTRIAL ENGINEERING

"Achieve Perfection Then Success Will Follow"

### PERSONAL INFORMATIONS

I was born in Punggur, February 25, 1993. My elementary to senior high school education took place in Bungo district of Jambi Province. Then 2011 I continued my education at Islamic University of Indonesia until graduated in 2016. I have never been hired for professional work. I just finished my master's education. Now I'm looking for a job that suits with my education. I am a dedicated person in work. I quickly adapt to the environment, fast learning, results oriented. Honesty and responsibility are two things that I hold firmly in life. the opportunity to collaborate with the company that you lead will be awaiting me.
