ABOUT ME

I am a professional graphic designer and illustrator since 2018 but I started as an amateur since I was in elementary school until college where I studied design more deeply, my design was greatly influenced by comics, games and pop culture. As for the things I like about design that is making me always curious because design is inherent in all things, making me keep learning little by little.

EXPERIENCE

2018 - Now

Graphic Designer & Illustrator

Project handled in PT. Tosan Permai Lestari:
Ritelaku - Ecommers (startup), Karebosi condotel (hotel)
