ABOUT ME

Born on July 30, 2000 (19 years). I am the type of person who can adjust to the environment in a fast time. I am also the type of person who can be close to new people in the future within a short time..
At the moment I am an active student majoring in Systems Information Faultas Computer Science, University of Indonesia since 2018. In between my college days I used it to study design by joining committee or by learning self-taught design.
