CAREER OBJECTIVE

Motivated illustrator seeking project to keep growing, especially in mood and character drawing. Personally interested in a theme of mugshot, fantasy, gothic and strong cultural influence in illustration. A country's top-university graduate in applied science decided to pursue illustration with high will to learn and in the end- get inspired by the work done. if supported, location transfer is always welcomed.

IMPROVEMENT OVER THE YEARS

HISTORY AND EXPERIENCE

INSTITUT TEKNOLOGI BANDUNG

studied oceanography, an applied science emphasized in physics and computation. experienced as a leader for two long term organization position. worked in international cruise project and worked great with overseas scientists as one of the country's representative.
