I am a creative, ambitious, curious with a talent for thinking outside the box and coming up with ideas and inovative designs for apps. I am curently in third year of studying Informatics at Syiah Kuala University. I have excellent skills in designing User Experience and User Interface, enabling me to effectively designing apps for wide range of user. I am seeing an internship position in the industry in which I can put into practice my knowledge and experience, ultimately benefiting the operations of the organisation that I work for.
