CHRISTIAN SURYA

Hi! I'm a 22 years old Filmmaker, Cinematographer, and Photographer based in Bandung, Indonesia.

I've loved filmmaking since 2011. Started to learn VFX, as the time goes by I realized that a great film and video is not just about cool VFX, but also need a strong story with a stunning visual that can help to emphasize the story.

I'm always amazed with how the combination of framing, composition, colours, and lights could really make a big emotional impact and make a picture feels alive.
