

# PUTU BAYU BASKARA

UNGRADUATED STUDENT - GRAPHIC DESIGN FREELANCER

I'm a ungraduated student at Computer Science Department, Udayana University. I'm passionate about graphic design and art. For two years, i've started training and freelancing focused on branding and logo design. There are many things that I can get from here such as time management and creativity, graphic design is not just about tools but about how to solve problems visually.
