GRAPHIC DESIGNER

portofolio online - ajuaditya.blogspot.com

Profile

"Creativity is a gift from GOD, to me, design itself is not just always a tools to pour our creativity, but how to make our souls remember how meaningful art is, how art could make attachments to people's emotions, not just about the looks, but the experience behind the big picture, a series turn of events revealing the values, such as how inspiring art could be at a certain levels, the mutual feelings and part of people's life, to convince all of people that tiny spark could turn into something meaningful".
