CURRICULUM VITAE

PRÉAMBULE

I am a self-taught Illustrator and Graphic Designer based in Bandung, Indonesia. As of 2013, I graduated from DKV ITENAS Bandung. Living in modest with my trusty Tablet and Pencil, walking the imagination in paper and paperless world. Sometimes I lived in the world of reel, compositing story and illustrating storyboards. Either way, I am a kind person who will give 120% of the works.
